DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 14-17 are rejected under 35 U.S.C. 102(e) as being anticipated by Dilluvio.

Dilluvio discloses the claimed invention including plural rigid roof panels wherein panels 48 and 50 are directly pivotally connected at 100 and an interior surface of panel 54 faces a majority of the exterior surface of panel 52

Re claim 15, Dilluvio discloses fixed locations 112 and 124 for roof panels 52 and 54, respectively.

Re claims 16 and 17, panel 48 is pivotally connected to a fixed location 98 by movable link 94 and panel 48 has an upwardly facing exterior surface when in a stowed position.

Allowable Subject Matter

3. Claims 1, 3-12 and 19-26 are allowed.

Response to Arguments

4. Applicant's arguments with respect to claims 14-17 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
